

Names/Folder Letter (up to three, legible roster names):
MATH 1470 Tintera CH 9 Exercise Template

2a. Variables:

Objective:

Constraints:

Graph of feasible region:

Corner points (the points only; put solutions for corner points on a separate sheet of paper and attach):

Solution:

2b. Best answer in whole numbers of children.

2c. Unnecessary constraint.

5a. Variables:

Objectives:

Constraints:

Graph of feasible region:

Coner points for diet problem.

Solution:

5b. Explanation:

5c Objective

Variables:

Constraints:

Explanation:

8a. Feasible region:

Corner Points

Solution:

8b. Feasible region:

Corner Points

Solution:
