

MATH 4306 Lab Activities 1
Submissions due Wednesday, January 21, 2004

All group members must sign the submission attesting to the fact that they participated fully in doing this assignment.

1. Do the activity in Section 1.1.1, #1, p. 1.

SUBMIT: A statement that everyone in your group knows the answer to all of the questions listed.

2. Do the activity in Section 1.1.1, #2, p. 1.

SUBMIT: A statement that everyone in your group knows the answer to all of the questions listed.

3. Do the activity in Section 1.1.1, #3, p. 2.

SUBMIT: A printout of your ISETL code that looks as much as possible like what is listed. Note: For instructions on printing, see the document, "Getting Started Guide," p. 6.

4. Do the activity in Section 1.1.1, #4, p. 3.

SUBMIT: A printout of your ISETL code that looks as much as possible like what is listed. Write the response you predicted along side each portion of code. Note: ISETL ignores everything after a dollar sign (\$).

5. Do the activity in Section 1.1.1, #5, p. 4.

SUBMIT: A printout of your ISETL code that looks as much as possible like what is listed. Write the response you predicted along side each portion of code.
